Hi All,

I am informing you of our motion to postpone the hearing date again. We need additional time to gather information, and I still haven't heard back from some of the agencies from which we requested documents. Additionally, the owners have just recently found some documents and I want to take time to review them. We have already reached the filing deadline for the October hearing date, so I think it makes sense to postpone it again.

Thanks for your patience,
Matt Dougherty
