Dear BZA and ANC 3 teams,

I'm writing a this letter in support of the Rock Creek Club (RCC) which is planned for my greater Mount Pleasant neighborhood.

My name is Rory Jones and I'm the father of 2 boys aged 5 and 3 years old. My wife Urska and I live at 3320 19th St NW, and we love pretty much every aspect of our community. Our kids are happily at Rosemount and Bancroft, and we're always searching for new ways to bring them closer with their neighbors.

While we love the local tennis, soccer, basketball, chess, and nature clubs that the kids are already enjoying, we think RCC represents yet another dimension of community building that will serve Mount Pleasant's next generation and put a property to use for over 150 families, instead of having the same property remain isolated with or even uninhabited by one owner.

We've seen the proposed uses and can confidently say this will be a huge asset to Mt Pleasant. We are not fortunate enough to have a backyard and for us and many others, this will create a special 2nd home space for our kids to run around, play on a jungle gym and learn through new activities with their friends. We also know that just about every family that would visit RCC would come by bike (e bikes have totally transformed urban family travel), and that the newfound use of the property would not materially impact the nearby residences, except to provide them too with an incredible ancillary property the likes of which doesn't exist in most other cities in the country.

We hope to create many memories with our family and the amazing community that we cherish so much here in and around Mt Pleasant. I am confident the proposed use will make Mt Pleasant an even more special place for the community and for the many young and actively social families than it already is.

Thank you!
Rory, Urska, Axel and Loris
