To whom it may concern:

We are writing in support of the Rock Creek Club's request for a special exception at 2325 Porter Street (BZA Case 21510).

We live in Crestwood with our two boys, ages two and four. Their earliest memories are of family adventures in Rock Creek Park. A place like Rock Creek Club matters to our family. We bike past the property together twice a day on our way to and from preschool in Cleveland Park. Today the boys were observing signs of fall, and commenting on the low water and many cool rocks in the creek.

Our family would benefit from the Club in all seasons, as a gathering place for kids and community. But it would be a game changer for our summers. The long hot days can be especially grueling for young kids (and their grown-ups). To be able to bike to the club and enjoy the deep shade and cool water would radically improve our summer days, and keep our boys outside, learning and exploring.

Turning Greystone into a place the community can enjoy for generations is a wonderful use of the property. I respectfully ask the Board and the ANC to support the application.

Thank you for your consideration.

Sincerely,
Zack and Nina Schram
Crestwood
