Dear Members of the Zoning Board,

I am writing to express my enthusiastic support for Rock Creek Club. My family and I live in Crestwood, where we are raising our three young daughters. We love living in DC and are excited about the opportunity to have a year-round recreational and social space so close to home.

In researching recreational options for our family, we found that there is simply nothing comparable within the District. To find a facility offering this combination of swimming, recreation, wellness, and year-round community programming, families typically have to travel, or even move, outside the city. Rock Creek Club would fill a meaningful gap for DC residents and provide an opportunity to enjoy these amenities without leaving our own community.

What excites me most, however, is the opportunity to build relationships with our neighbors. I envision a place where our children can grow up alongside neighborhood friends, where families can gather throughout the year, and where people of all ages can be active, social, and connected to nature. Having a space like this within our community, rather than having to drive to the suburbs, would be incredibly valuable.

I also appreciate that Rock Creek Club is designed to be accessible to the broader community through membership, rather than being an exclusive residential amenity. We look forward to walking or biking there and making it a regular part of our family's life.

I strongly support this project and believe it will be a wonderful addition to our neighborhood and the District as a whole.

Board of Zoning Adjustment
District of Columbia
CASE NO. 21510
EXHIBIT NO. 46

Thank you for your consideration,
