Re: BZA Case 21510 - Rock Creek Club - Letter of Support
To: bzasubmissions@dc.gov; 3c@anc.dc.gov

Dear Members of the Board of Zoning Adjustment and ANC 3C,

I am writing to express my enthusiastic support for the proposed Rock Creek Club and the special exception requested under BZA Case 21510.

Having a growing family living in the 16th Street Heights neighborhood in Washington, DC, we believe that amenities like Rock Creek Club are exactly what the city needs to encourage families like ours to remain here for the long term. Access to outdoor recreation, swimming, tennis, and opportunities to connect with other families are often among the reasons people choose to move to the suburbs. Having these opportunities within the city that is accessible via bike or walking would be a tremendous benefit to our family and many others.

We also believe the proposed club represents a thoughtful use of the property. While other potential uses would likely remain private in nature, Rock Creek Club would create a shared recreational space that brings families together, encourages healthy lifestyles, and fosters a stronger sense of community.

We are excited about the prospect of having this amenity in our neighborhood and believe it would make a meaningful, lasting contribution to the quality of life for DC families.
Thank you for your consideration.

Sincerely,

Ben Webne, AIA
