Dear BZA and ANC 3C,

My family and I live in Mount Pleasant, where we've been for over three years and hope to stay for many more. We have two young daughters, a two-year-old and a baby, and we feel incredibly lucky to be raising them in a neighborhood we love so much. I work for a nonprofit focused on immigration, and both personally and professionally, I care deeply about building strong, welcoming communities.

We're really excited about the prospect of Rock Creek Club and what it could mean for our family and the broader neighborhood. Having access to nature, outdoor activities, and spaces to connect with others is so important, especially for families with young kids. We love the idea of a place where neighbors and families from across the community can come together, be active, spend time outside, and build lasting friendships.

We're also especially grateful that the club would be accessible to us on foot or by bike. Having a safe and easy way to get there without needing a car makes it feel like a natural extension of our neighborhood and daily lives. We see Rock Creek Club as a wonderful opportunity to bring people together, foster a stronger sense of community, and help families like ours deepen their connection to each other and to nature. We're excited about the possibility of being part of it for years to come. Thank you for reading!

Warmly,
Katherine
