Dear Members of the Zoning Commission,

I'm writing to express my support for Rock Creek Club. I live in Mount Pleasant with my husband and our 6 month daughter, and we're really excited about the possibility of having a space like this in our neighborhood.

One of the trade-offs of raising a family in the city is that our kids don't always get the same opportunities to connect with nature as they might growing up somewhere more rural. We love living in DC, but we often have to leave the city to spend meaningful time in the woods. Rock Creek Club would give us the opportunity to do that much more regularly, right in our own neighborhood. Helping our daughter develop a love of the outdoors and a sense of environmental stewardship is really important to us, and having a place like this close to home would make that so much easier.

I love the idea of having a welcoming space right in our backyard where people of all ages can connect with neighbors, enjoy nature, and spend time together. I think Rock Creek Club would be a wonderful addition to the community, especially for families like ours who are hoping to raise our kids with strong neighborhood connections and lots of time outdoors.

We bike just about everywhere in DC, and that's how we would expect to get to Rock Creek Club as well.

I hope you'll support this project. I think it has the potential to be a really special community resource for DC families.

Thank you for your consideration!
Joyce Keeley
