My name is Denise Thompson, and I live at 18 Gallatin Street NW, Washington DC 20011. My house has a solar energy system, which is installed on the roof. I am aware that my neighbors, Hannah-Alise Rogers and Brady Tyra, who live at 16 Gallatin Street NW, Washington DC 20011, are requesting relief from the Zoning Board so that they can construct a deck approximately 16 x 12 feet in size in the rear yard of their property. I hereby acknowledge that I support the building of the deck as depicted in the plans, as it will not create any interference with the solar energy system on the roof of my house.

/s/ Denise Thompson
