Re: Final Agenda
Regular Meeting
Monday, June 14, 1999

Dear Ms. Kress:

The Final Agenda for today's meeting of the Zoning Commission indicates that Item IV will be "REAFFIRMATION OF PROPOSED ACTION 98-14 (PUD and Map Amendment from SP-2 to C-4 for portion of lot 842 in Sq. 184 @ 1000 16th Street., NW- (Solar Building)." The agenda item suggests that the outcome of the Commission's consideration today is a foregone conclusion, which I sincerely hope is not the case.

As you know from my May 12 and June 8 letters to the Commission and a June 8 letter from Kyle Pitsor, materials that were submitted on a timely basis to the Zoning Commission were not given any consideration by the Commissioners because of staff error.

ZONING COMMISSION
CASE No. 98-14C
EXHIBIT No. 83B

ZONING COMMISSION
District of Columbia
CASE NO.98-14
EXHIBIT NO.83B

The damage done to the community's position in this matter is irreparable. The ability of the Commissioners to reopen their minds to the issues of the case once they have gone on record is dubious. Now, to suggest through this agenda item, that the gesture at objectivity is perfunctory, is beyond the pale. The least the Commission can do is preserve a thin veil of fairness and amend your agenda.

Respectfully,

Carol J. Mitten
