

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Board of Zoning Adjustment

Application No. 19805 of Halcyon Georgetown, LLC, pursuant to 11 DCMR Subtitle X, Chapter 9, for a special exception under the use provisions of Subtitle U § 203.1(n), to permit a nonprofit use in a residential building in the R-20 Zone at premises 3400-3410 Prospect Street N.W. (Square 1204, Lot 63).¹

HEARING DATE: July 18, 2018
DECISION DATE: July 18, 2018

SUMMARY ORDER

SELF-CERTIFICATION

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR Subtitle Y § 300.6. (Exhibit 40 – Revised Zoning Self-Certification; Exhibit 4 - Original.) In granting the certified relief, the Board of Zoning Adjustment ("Board" or "BZA") made no finding that the relief is either necessary or sufficient. Instead, the Board expects the Zoning Administrator to undertake a thorough and independent review of the building permit and certificate of occupancy applications filed for this project and to deny any application for which additional or different zoning relief is needed.

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 2E and to owners of property located within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 2E, which is automatically a party to this application. The ANC submitted a report recommending approval of the application. The ANC's report indicated that at a regularly scheduled, properly noticed public meeting on July 2, 2018, at which a quorum was present, the ANC voted 4-0-0 to support the application with the understanding that Commissioner Lisa Palmer will renegotiate the terms of the agreement, including: 1) changing the threshold for required valet parking up to 100 guests, and 2) the formation of a Liaison Committee which will meet at least semi-annually to address neighborhood concerns. (Exhibit 34.)

¹ The Applicant was previously granted a special exception in BZA Order No. 18604 for a non-profit use under the pre-2016 Zoning Regulations.

BZA APPLICATION NO. 19805
PAGE NO. 2

The Office of Planning (“OP”) submitted a timely report recommending approval of the application with conditions. (Exhibit 37.) The District Department of Transportation (“DDOT”) submitted a timely report indicating that it had no objection to the grant of the application with conditions. (Exhibit 36.)

The Board considered the proposed conditions submitted by the participants in the application and adopted the conditions stated in this order.

As directed by 11 DCMR Subtitle X § 901.3, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to Subtitle X § 901.2, for a special exception under the use provisions of Subtitle U § 203.1(n), to permit a nonprofit use in a residential building in the R-20 Zone. The only parties to the case were the ANC and the Applicant. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the OP and ANC reports, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR Subtitle X § 901.2 and Subtitle U § 203.1(n), that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR Subtitle Y § 101.9, the Board has determined to waive the requirement of 11 DCMR Subtitle Y § 604.3, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.

It is therefore **ORDERED** that this application is hereby **GRANTED, WITH THE FOLLOWING CONDITIONS:**

 - a. Report the queue length of the valet area. The Applicant's reports will state whether, at any time during each studied event, the queue length of the valet parking area exceeds the Applicant's proposed goal of five cars. The Applicant should not report average queue length across events as this may conceal inadequate valet management.
