CASE NO. 06-11A/06-12A (The George Washington University – Foggy Bottom Campus: Second-Stage PUD, First-Stage PUD Modification, and Further Processing of an Approved Campus Plan for Multiple Lots in Square 103)

THIS CASE IS OF INTEREST TO ANC 2A

On August 17, 2010, the Office of Zoning received an application from The George Washington University (the “Applicant”). The Applicant is requesting second-stage PUD approval of an underground structure containing parking and program space as well as interim surface improvements related to the below-grade facilities. The Applicant is also requesting approval of a modification to the first-stage PUD in order to incorporate one lot that was not previously owned by the University. Finally, the Applicant requested further processing approval for the project under its approved campus plan.

The Office of Planning provided its report on October 8, 2010, and the second-stage PUD application and first-stage PUD modification were set down for hearing on October 18, 2010. The Applicant provided its prehearing statement on November 2, 2010. The application for further processing will be heard in conjunction with the second-stage PUD application and first-stage PUD modification.

The property that is the subject of this application consists of approximately 38,328 square feet of land area and is located along G Street N.W. between 20th Street N.W. and 21st Street N.W. (Square 103, Lots 13, 14, 18, 809, 812, 813, 814, 819, and 820). The subject property is zoned R-5-D. The subject property is designated as a future development site under the Foggy Bottom Campus Plan and related First-Stage PUD that were approved by the Zoning Commission in Order No. 06-11 / 06-12.

The Applicant proposes to develop the property for academic and administrative uses in two phases. In the first phase, which is the subject of this hearing, the Applicant will develop a below-grade structure containing one level of academic and administrative program space for the Law School and four stories of underground parking containing approximately 392 parking

spaces. As an interim condition,¹ the surface of the property will contain entrances to the below-grade program and parking uses, additional surface parking with approximately 58 additional parking spaces, university-related loading and service activity, and landscaping. The total gross floor area for all improvements is approximately 7,430 square feet, for a total FAR of approximately 0.19 and a lot occupancy of approximately 19%.

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.
