FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

CASE NO. 03-12F/03-13F (Square 769, LLC & DCHA -- Modifications to PUD @ Square 769, Lots 18, 20, & 21)

THIS CASE IS OF INTEREST TO ANC 6D

On December 28, 2007, the Office of Zoning received an application from Square 769, LLC and the District of Columbia Housing Authority (collectively, the "Applicant"), the owners of Lots 18, 20, and 21 in Square 769 (the "Property"). The Applicant is requesting modifications to the planned unit development approved pursuant to Zoning Commission Order No. 03-12C/03-13C. The Office of Planning provided its report on January 7, 2008, and the case was set down for hearing on February 11, 2008. The Applicant provided its prehearing statement as part of its application on March 7, 2008.

On May 14, 2007, the Zoning Commission voted 5-0-0 to approve Zoning Commission Case No. 03-12C/03-13C, a case concerning second-stage approval of the Applicant's proposed office building with ground floor retail at 250 M Street, S.E. Zoning Commission Order No. 03-12C/03-13C allows the Applicant to develop the Property with an office building built to a height of 110 feet (plus roof structure of an additional 18 feet, 6 inches) with a gross floor area of 207,785 square feet and an FAR of 7.20. The original overall Capper/Carrollsborg PUD provided for a maximum building height of 110 feet and a maximum gross floor area of 236,000 square feet under C-3-C zoning.

The Applicant is now seeking a modification to: (1) increase the measured building height from 110 feet to 130 feet; and (2) increase the gross floor area of the approved building from 207,785 square feet to 234,182 square feet. With respect to building height, the building was initially approved at a height of 110 feet, plus a mechanical penthouse measuring 18 feet, 6 inches above the roof. The Applicant has redesigned the building to include an 11th floor as well as a mechanical penthouse to be located on the 10th floor roof. The mechanical penthouse has a height of 18 feet, 6 inches and is set back one-to-one from each exterior wall of the roof upon which it is located. The Applicant is requesting the increased building height so that the building can come closer to achieving the gross floor area approved by the Zoning Commission. The Applicant proposes to increase the gross floor area of the building from 207,785 square feet to 234,182 square feet, which is 1,818 square feet less than the permitted gross floor area of 236,000 square feet.

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.
