Re: Van Ness Auto Care/Chris Kuri

I am writing this at the request of Van Ness Auto Care, who has been a wholesale customer of Olympic Auto Parts since 1991.

The nature of the parts we supply to Van Ness Auto Care are characterized in the trade as "light repair" items. They purchase parts for automobiles and light trucks. The distinction of "light repair" items refers to the **type of repairs they perform.**

Based on the parts Van Ness purchases from Olympic, specifically, they include the following categories and parts:

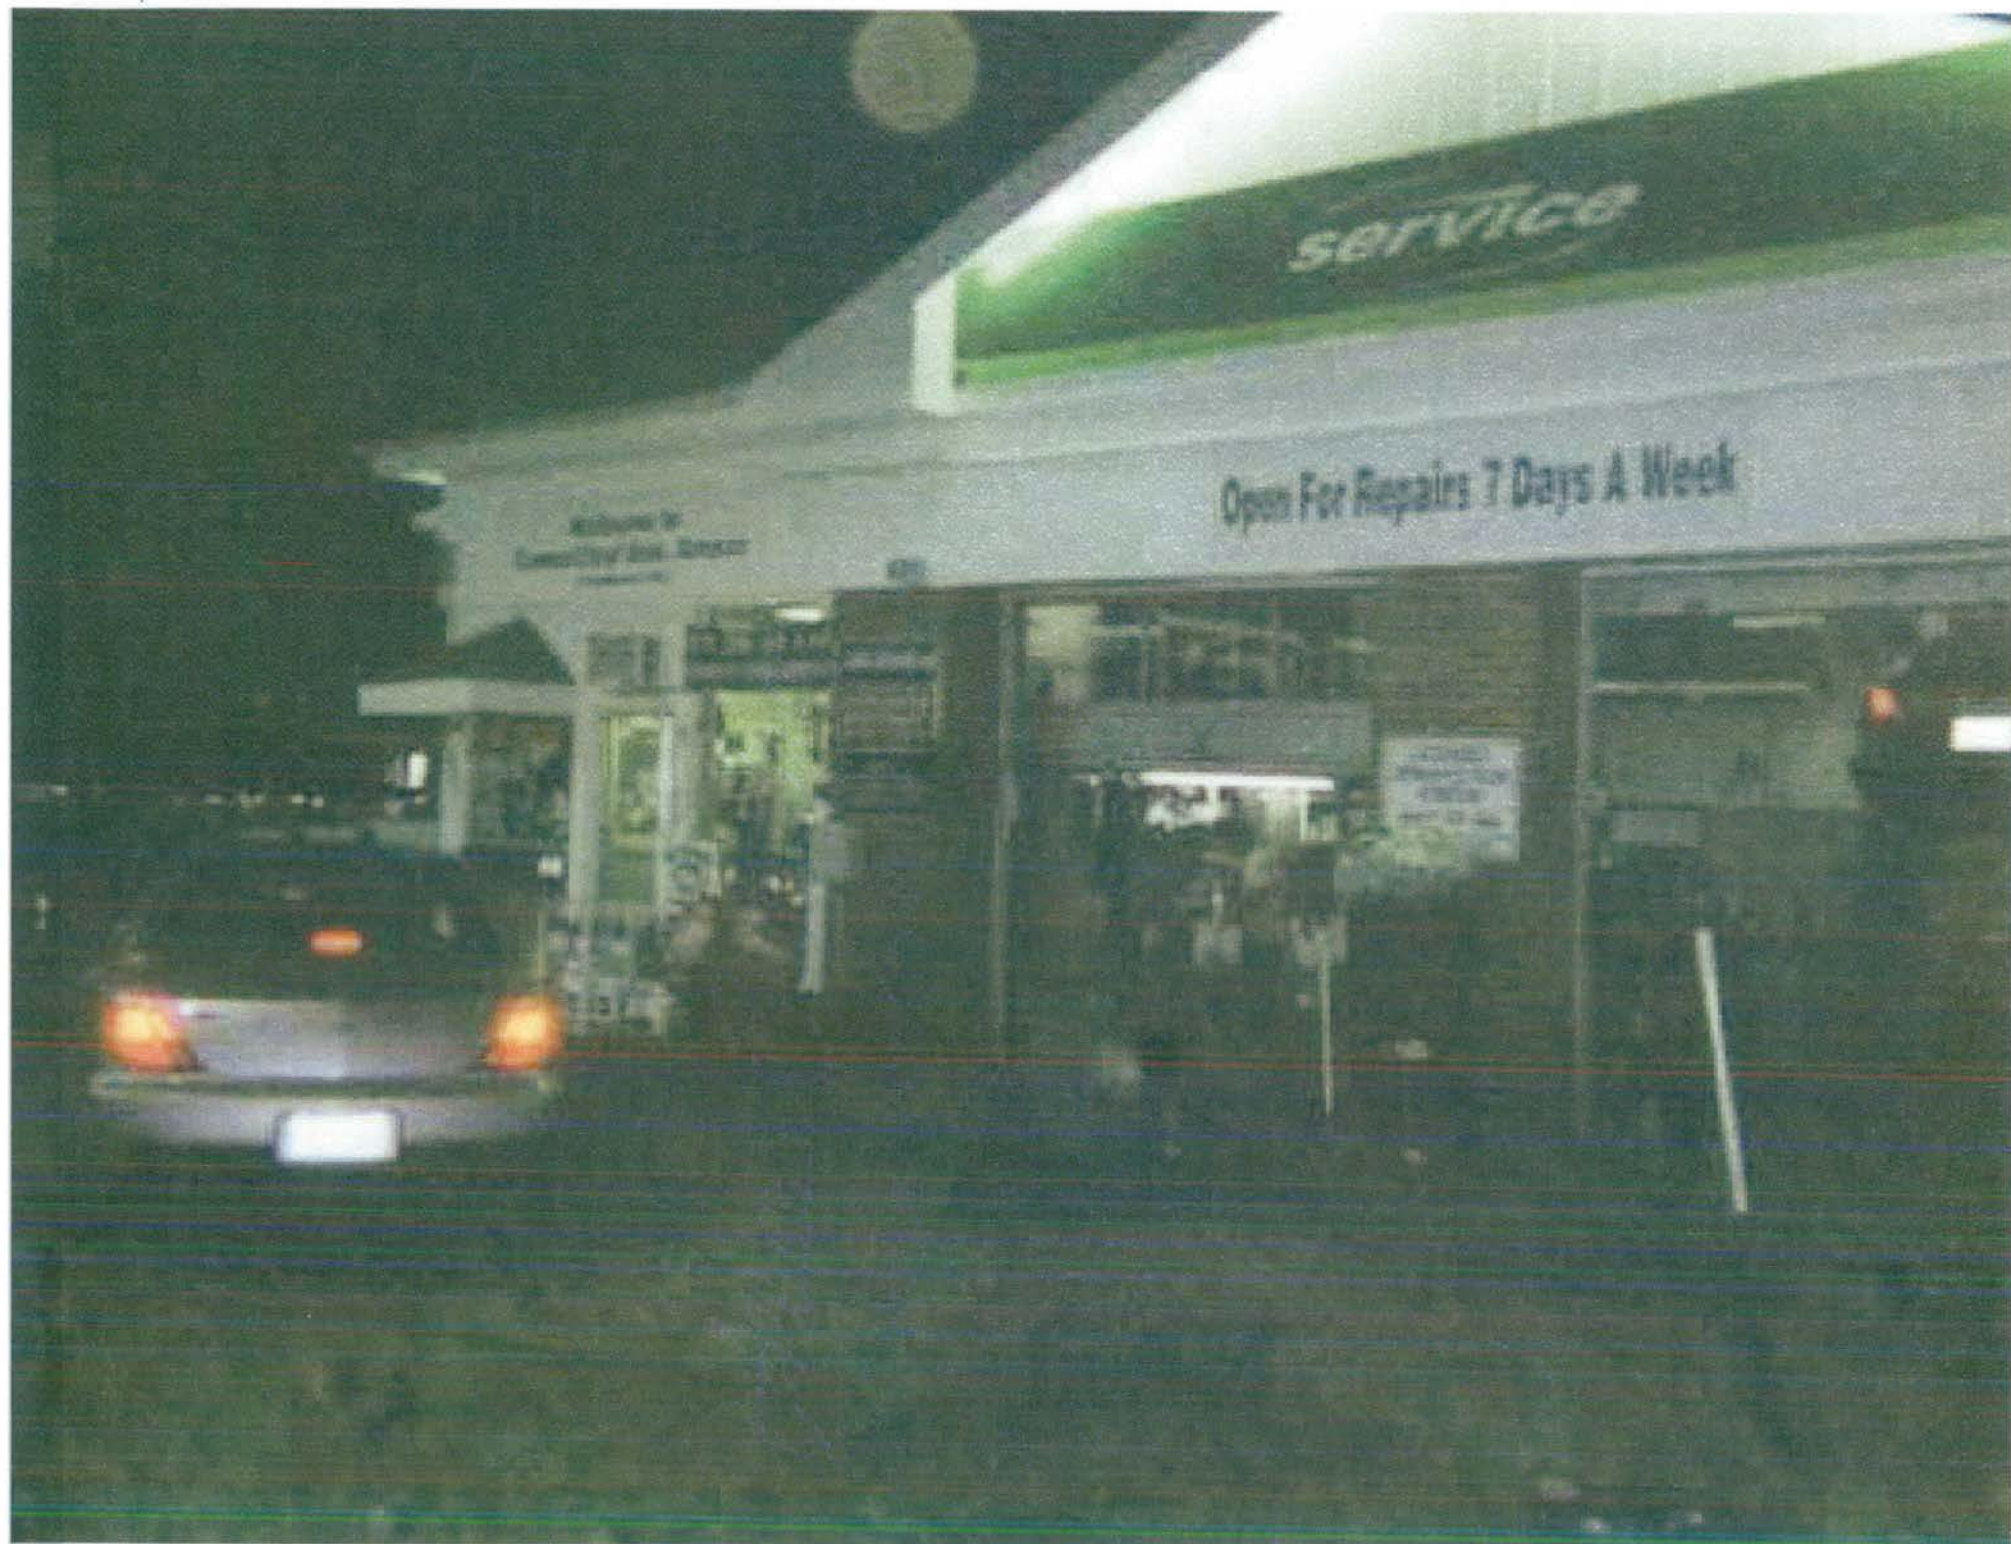

- Tune-up parts: (Spark plugs, wire sets, ignition items.)
- Brake parts: (Brake pads and shoes, brake rotors, and calipers.)
- Cooling system: (Water pumps, fan belts, thermostats, and hoses.)
- Exhaust systems: (Mufflers, tailpipes, catalytic converters.)
- Suspension parts: (Tie rods, ball joints, control arms, shock absorbers.)
- Timing parts: (Timing belts, tensioners.)
- Hydraulic parts: (Brake and wheel cylinders.)
- Electrical parts: (Starters, alternators, oxygen sensors, and switches.)
- Other general repair items: (Wheel bearings and seals.)

In the automotive repair industry, which I have been involved in for over thirty-five years, "heavy-duty" repairs include (but are not limited to): engine and transmission rebuilding, repairs to heavy trucks and equipment, body work, and most remanufacturing processes. To my knowledge, and according to our records, Van Ness Auto Care does not purchase any parts from Olympic of this nature.

If you have any questions concerning this letter, I can be contacted by phone at: (land) 301-345-4131, (cell) 240-375-3637, or e-mail [{gjwolf@comcast.net}](mailto:gjwolf@comcast.net).

Very truly yours,

Glenn J. Wolf— President, Olympic Auto Parts

Van Ness Auto Care
4225 Connecticut Avenue NW
Washington, DC 20008

Gentlemen:

Thank you for continuing to serve our neighborhood with needed automotive services. I had an emergency need for battery service on Saturday, August 27, which was handled professionally and courteously.

I have lived in the area for over 35 years and support your efforts to remain in your current location. I fully support mass transportation and take Metro rail to work everyday. However, a balanced transportation system with automobile use is a necessity even within the City of Washington. Connecticut Avenue has supported transportation use for over 100 years including trolleys, buses, automobiles, commercial trucks, and subway construction. Businesses like yours are part of the historical urban fabric.

Thank you,

A handwritten signature in black ink, appearing to read "Edward R. Fleischman". The signature is fluid and cursive, with a long horizontal stroke at the end.

Edward R. Fleischman

COPIES WERE SENT TO COUNCIL MEMBERS VINCENT GREY, SHARON AMBROSE AND PATRICK CANAVAN, HEAD OF DC DEPT. OF CONSUMER AND REGULATORY AFFAIRS

Dear Ms. Patterson

I read with dismay an article in the August 10th issue "The Northwest Current" about Van Ness Auto Care. The article leaves readers with the impression that the company is a blight on the neighborhood and that neighboring residents uniformly object to its operation.

I am 68 years old, and I use a motorized wheel chair because I have cerebral palsy, a life-long disability. I use the scooter often (a minimum of three hours a day) and the scooter frequently requires servicing and new parts. Van Ness is the only repair facility in the entire city that has been authorized by the manufacturer of the scooter to do repairs and provide parts. If not for Van Ness, I would be forced to use repair companies in Virginia and Maryland. These companies charge upwards of \$120 to pickup and return a scooter that needs servicing; the cost of parts and labor is, of course, added to the transportation fee. I lose the use of the scooter for a week or more while it is being repaired in Maryland or Virginia.

In short, without Van Ness Auto Care, I would be faced with repair bills of at least \$175 and be without my scooter three-to-four times a year. And because Van Ness is on the block where I live, I do not pay transportation fees, and frequently the scooter can be repaired while I wait.

My wife and I are both retired and live on a fixed income. The service available at Van Ness means that we pay only a small fraction that would be required if we had to rely on repair companies located outside of the city.

It is important to note that the owner of Van Ness and a mechanic attended a training course at the expense of Van Ness to learn how to repair scooters. If any company in the entire city is responsive to the needs of its neighborhood, that company is Van Ness.

Since I live on the same block where Van Ness is located, I feel that I'm in a good position to judge the noise and pollution that the Current article says neighbors complain about. I have not noticed any pollution (because my wife has asthma, I am particularly sensitive to the existence of pollution). There is some noise associated with Van Ness, but the noise is sporadic and not a burden for the neighborhood.

Van Ness Auto Care is an important asset of the neighborhood and I hope that you realize that the Current article misrepresents the situation at Van Ness. Van Ness has made it possible to get more use from my scooter at less cost, and has contributed significantly to my quality of life.

I and several of my friends who use scooters and have them repaired at Van Ness would be happy to meet with you to discuss this matter in more detail.

Thank you for your interest in this matter.

Sincerely,

David Bauer

To Whom It May Concern:

This^{is} to attest and certify that the
Van Nasa Auto Care repair facility and
its wonderful leader and manager, Mr.
Chris Kuri, are without any question

the most efficient, most dedicated,
most honest, most customer friendly
organization that I have ever
dealt with and I am shocked and
traumatized that anyone or group of
persons would want to end their
wonderful operation. It is simply wrong.

I am elderly (76 $\frac{3}{4}$ YEARS OLD) and crippled from military service in two wars; and greatly depend on Van Ness Auto Care; and they have never let me down. It would be terrible if they were forced to suspend operations.

Washington, D. C. has been my home since 1930. As a result I know many persons who life and depend on Van Ness Auto Care: they include a former United States Senator from South Dakota; a former B-17 pilot who flew 37 missions over Nazi Germany (1944-1945); a former Democratic candidate

other valued members of the Cleveland

Please, leave this wonderful
repair facility in operation.

Re: Van Ness Auto Care/Chris Kuri

I am writing this at the request of Van Ness Auto Care, who has been a wholesale customer of Olympic Auto Parts since 1991.

The nature of the parts we supply to Van Ness Auto Care are characterized in the trade as "light repair" items. They purchase parts for automobiles and light trucks. The distinction of "light repair" items refers to the **type of repairs they perform.**

Based on the parts Van Ness purchases from Olympic, specifically, they include the following categories and parts:

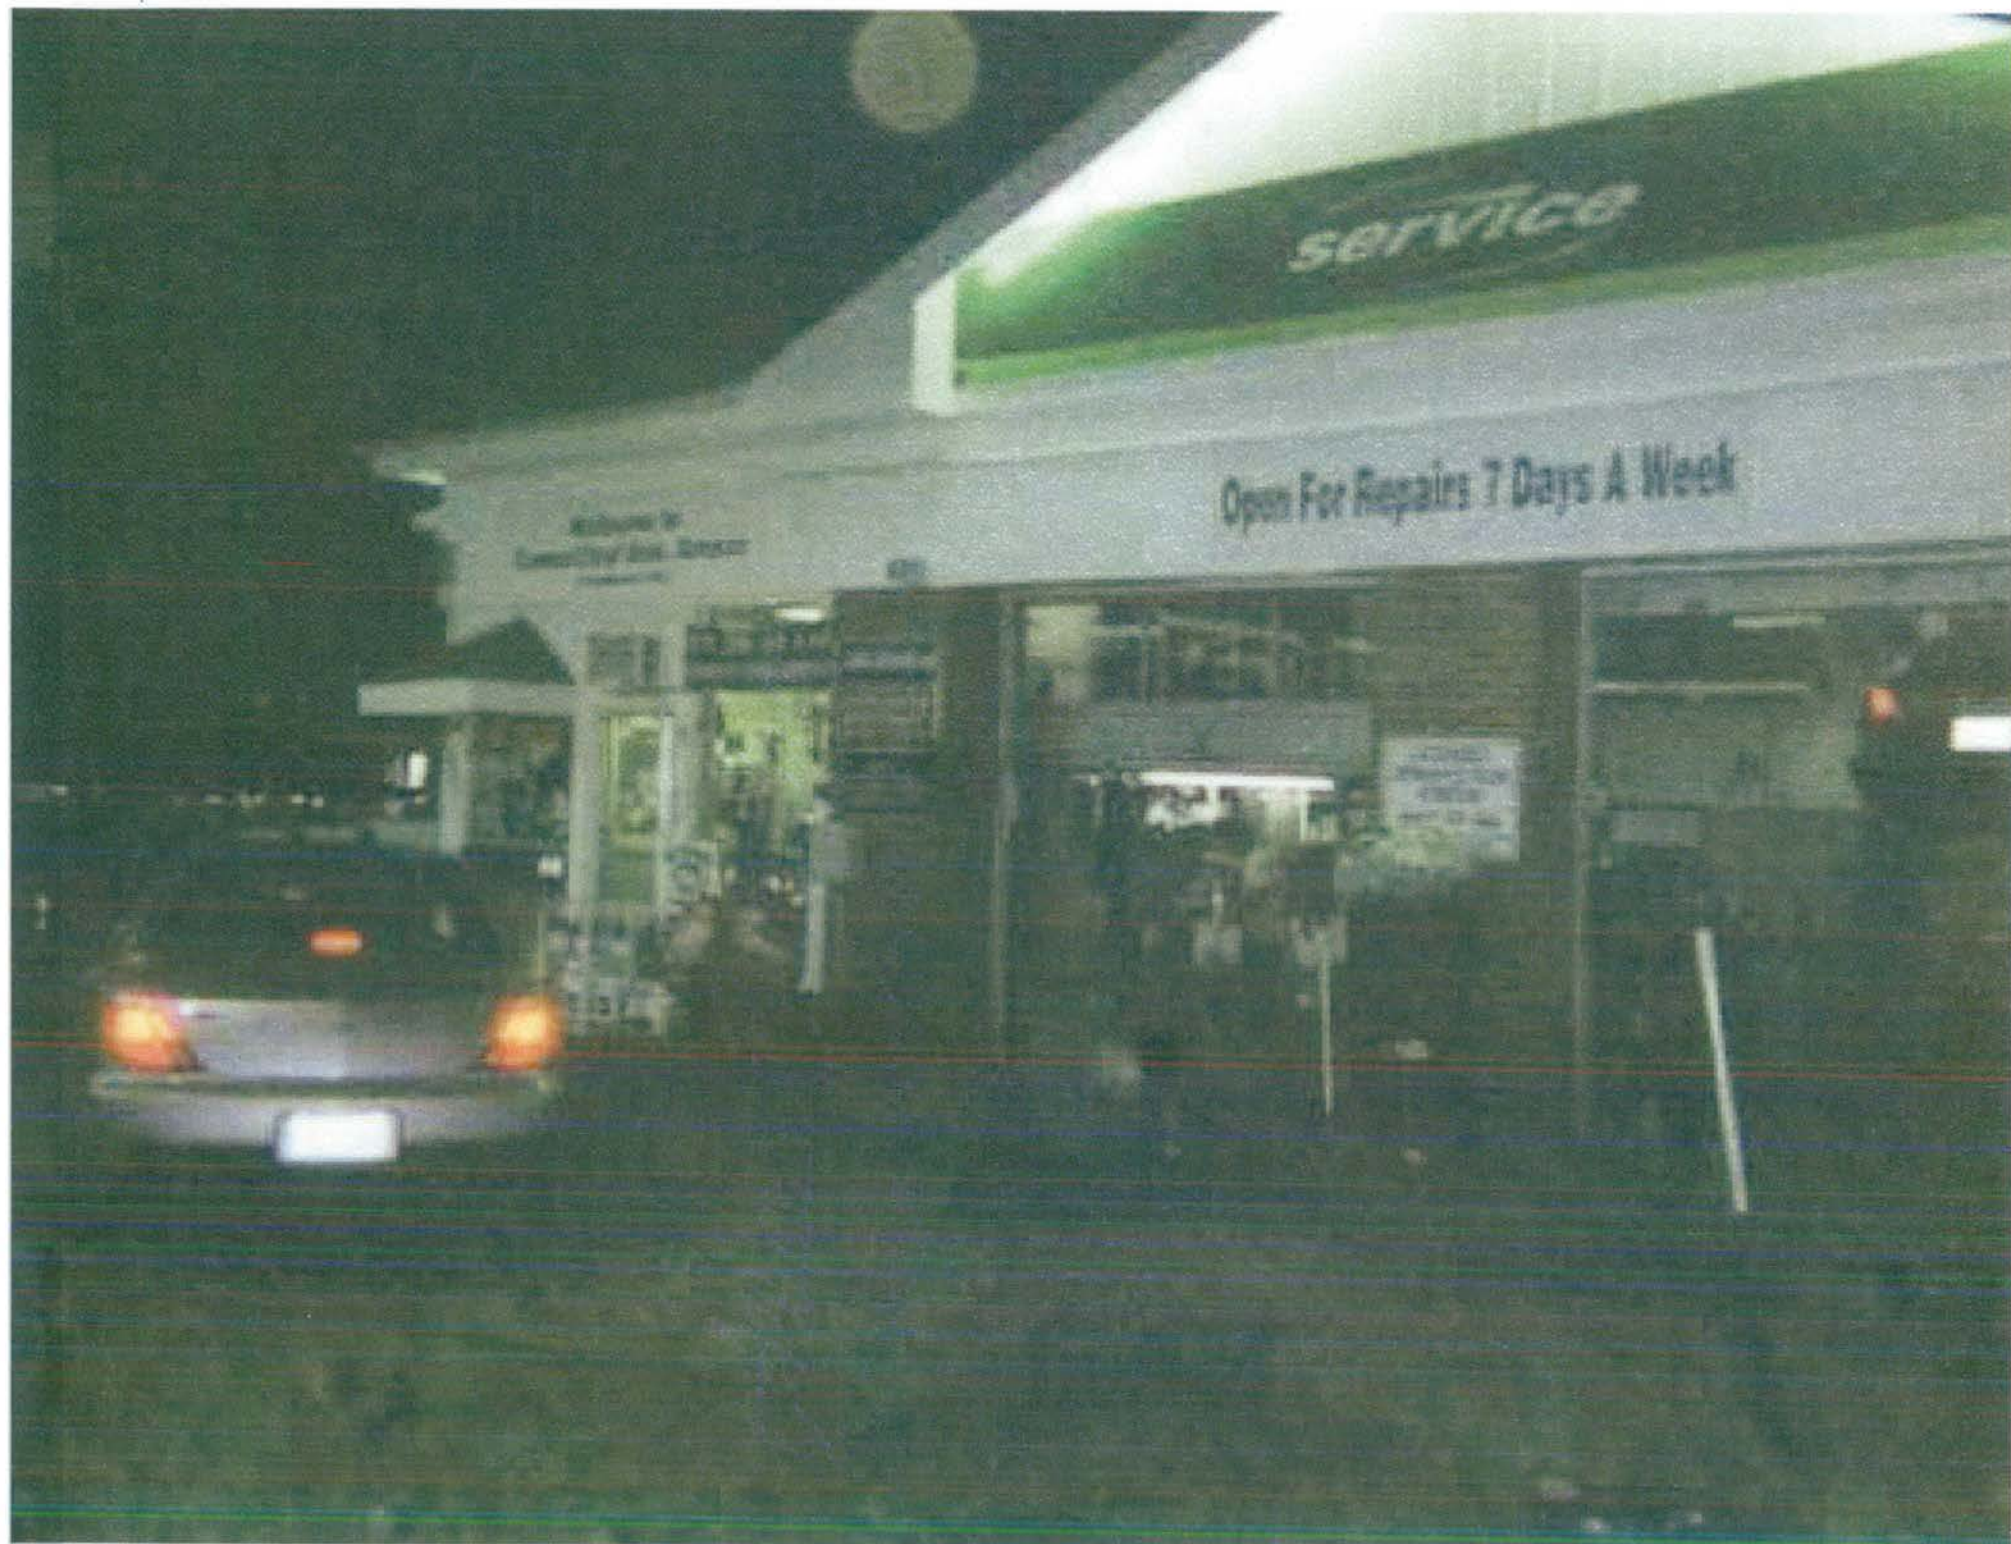

- Tune-up parts: (Spark plugs, wire sets, ignition items.)
- Brake parts: (Brake pads and shoes, brake rotors, and calipers.)
- Cooling system: (Water pumps, fan belts, thermostats, and hoses.)
- Exhaust systems: (Mufflers, tailpipes, catalytic converters.)
- Suspension parts: (Tie rods, ball joints, control arms, shock absorbers.)
- Timing parts: (Timing belts, tensioners.)
- Hydraulic parts: (Brake and wheel cylinders.)
- Electrical parts: (Starters, alternators, oxygen sensors, and switches.)
- Other general repair items: (Wheel bearings and seals.)

In the automotive repair industry, which I have been involved in for over thirty-five years, "heavy-duty" repairs include (but are not limited to): engine and transmission rebuilding, repairs to heavy trucks and equipment, body work, and most remanufacturing processes. To my knowledge, and according to our records, Van Ness Auto Care does not purchase any parts from Olympic of this nature.

If you have any questions concerning this letter, I can be contacted by phone at: (land) 301-345-4131, (cell) 240-375-3637, or e-mail [{gjwolf@comcast.net}](mailto:gjwolf@comcast.net).

Very truly yours,

Glenn J. Wolf— President, Olympic Auto Parts

Van Ness Auto Care
4225 Connecticut Avenue NW
Washington, DC 20008

Gentlemen:

Thank you for continuing to serve our neighborhood with needed automotive services. I had an emergency need for battery service on Saturday, August 27, which was handled professionally and courteously.

I have lived in the area for over 35 years and support your efforts to remain in your current location. I fully support mass transportation and take Metro rail to work everyday. However, a balanced transportation system with automobile use is a necessity even within the City of Washington. Connecticut Avenue has supported transportation use for over 100 years including trolleys, buses, automobiles, commercial trucks, and subway construction. Businesses like yours are part of the historical urban fabric.

Thank you,

A handwritten signature in black ink, appearing to read "Edward R. Fleischman". The signature is fluid and cursive, with a long horizontal stroke at the end.

Dear Ms. Patterson

I read with dismay an article in the August 10th issue "The Northwest Current" about Van Ness Auto Care. The article leaves readers with the impression that the company is a blight on the neighborhood and that neighboring residents uniformly object to its operation.

I am 68 years old, and I use a motorized wheel chair because I have cerebral palsy, a life-long disability. I use the scooter often (a minimum of three hours a day) and the scooter frequently requires servicing and new parts. Van Ness is the only repair facility in the entire city that has been authorized by the manufacturer of the scooter to do repairs and provide parts. If not for Van Ness, I would be forced to use repair companies in Virginia and Maryland. These companies charge upwards of \$120 to pickup and return a scooter that needs servicing; the cost of parts and labor is, of course, added to the transportation fee. I lose the use of the scooter for a week or more while it is being repaired in Maryland or Virginia.

In short, without Van Ness Auto Care, I would be faced with repair bills of at least \$175 and be without my scooter three-to-four times a year. And because Van Ness is on the block where I live, I do not pay transportation fees, and frequently the scooter can be repaired while I wait.

My wife and I are both retired and live on a fixed income. The service available at Van Ness means that we pay only a small fraction that would be required if we had to rely on repair companies located outside of the city.

It is important to note that the owner of Van Ness and a mechanic attended a training course at the expense of Van Ness to learn how to repair scooters. If any company in the entire city is responsive to the needs of its neighborhood, that company is Van Ness.

Since I live on the same block where Van Ness is located, I feel that I'm in a good position to judge the noise and pollution that the Current article says neighbors complain about. I have not noticed any pollution (because my wife has asthma, I am particularly sensitive to the existence of pollution). There is some noise associated with Van Ness, but the noise is sporadic and not a burden for the neighborhood.

Van Ness Auto Care is an important asset of the neighborhood and I hope that you realize that the Current article misrepresents the situation at Van Ness. Van Ness has made it possible to get more use from my scooter at less cost, and has contributed significantly to my quality of life.

I and several of my friends who use scooters and have them repaired at Van Ness would be happy to meet with you to discuss this matter in more detail.

Thank you for your interest in this matter.

Sincerely,

David Bauer

To Whom It May Concern:

This^{is} to attest and certify that the
Van Nasa Auto Care repair facility and
its wonderful leader and manager, Mr.
Chris Kuri, are without any question

the most efficient, most dedicated,
most honest, most customer friendly
organization that I have ever
dealt with and I am shocked and
traumatized that anyone or group of
persons would want to end their
wonderful operation. It is simply wrong.

I am elderly (76 $\frac{3}{4}$ YEARS OLD) and crippled from military service in two wars; and greatly depend on Van Ness Auto Care; and they have never let me down. It would be terrible if they were forced to suspend operations.

Washington, D.C. has been my home since 1930. As a result I know many persons who life and depend on Van Ness Auto Care: they include a former United States Senator from South Dakota; a former B-17 pilot who flew 37 missions over Nazi Germany (1944-1945); a former Democratic candidate

Please, leave this wonderful
