Please answer all of the following questions referencing why the above person should be granted party status.
(If you require additional space, please attach an additional sheet.)

- How will the property owned or occupied by such person, or in which the person has an interest be affected by the action requested of the Board?
IT IS my property to which the owners of 1812 wish to attach. This will compromise fire safety and structural integrity of 1814 frame siding. will block air and light and enclose windows.
- What legal interest does the person have in the property? (i.e. owner, tenant, trustee, or mortgagee)
owner since 1997
- What is the distance between the person's property and the property that is the subject of the appeal or application before the Board? (Preferably no farther than 200ft.)
Between 24 and 28 inches -
- What are the environmental, economic or social impacts that are likely to affect the person and/or the person's property if the action requested of the Board is approved or denied?
The proposal would attach my period home to an architecturally unpleasant construction greatly diminishing value of my home and harming the appearance from the street, perhaps closing existing windows.
- Describe any other relevant matters that demonstrate how the person will likely be affected or aggrieved if the action requested of the Board is approved or denied.
I was doing volunteer work in Africa and returned last week to find out this was happening - I ask for an exception to the normal filing deadline.
- Explain how the person's interest will be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than that of other person's in the general public.

It is my home that the owners of 1812 wish to attach to solely to bring their occupancy into conformance. My North side is frame and cannot structurally support their addition.
