Board of Zoning Adjustment
441 4th St NW, Suite 210
Washington DC, 20001

To Whom It May Concern,

Copies of the building permit application and plans for the property at 1405 North Carolina NE were not available on June 28, 2006, the date on which the application to the BZA for the appeal of construction permits was made. Despite numerous attempts over the past 45 days, the Advisory Neighborhood Commission 6A has been unsuccessful in acquiring copies of those records. I've attached a copy of a Freedom of Information Act request made to the DCRA on June 12, 2006 requesting copies of permits, plans and all materials related to 1405 North Carolina Ave. NE. To date, the DCAR has not responded to that request. ANC 6A will continue to seek, from the DCRA, those materials required to support this appeal.

Best Regards,

Nicholas Alberti
Commissioner, Advisory Neighborhood Commission 6A
