

Assembly of the Saints CDC
4605 Kane PI NE
Washington, DC 20019

August 20 2015

To The Board of Zoning

This correspondence is written to request zoning approval for addition children to enroll more infants and toddlers in the Assembly of the Saints Child Development Center (AOSCDC) located at 4605 Kane Place N E Washington, D C 20019

For 24 years, The Assembly of the Saints CDC has been a trusted name among parents and families located in Ward 7 in the District of Columbia

We are fully accredited by NAECY and on file is our "Clean Hands". We offer so many resources and educational opportunities for our children, and parents as well as our community

- 1 Provide workshops and training for staff and parents
- 2 Operating a before and after School Program
- 3 Summer Food Programs
- 4 Operate under the rules of BZA and OSSE- no complaints, no loud noise and no violations

Our classrooms are safe and nurture learning environments for preschool through school age children, offering age-appropriate opportunities to discover, explore and learn Our approach is based on widely accepted childhood development and brain-based learning research that clearly indicates the deepest, most genuine learning occurs for children through play-based activities

Assembly of the Saints CDC believes in a purposeful education for each child by taking intentional steps to ensure they are challenged to become confident learners, to prepare them for their next steps in both education and life Our degreed teachers love their jobs and provided benefits including professional development.

Why should any child's education be anything less than transformational?

Our academic program, coupled with our strong belief in faith-based character education and community service, truly is the model for a balanced and transformational education Each day, the children enter an environment of cross-curricular learning, with teachers who work collaboratively to inspire and challenge them

Assembly of the Saints CDC is much more than a day care provider; each child learns the importance of moral character and global citizenship in a safe and nurturing community environment while preparing to enter the next step of their educational path

Regards,

Bishop George Haskins, Jr

First Lady, Dianne Haskins
