Aselefech Shalemo - Family Home Provider

Danielle Copper - Kids Are People Too CDC

Shuntia Thompson - St. Timothy's CDC Nursery School

Mary's Center Mini-Grant Program

First Lady Michelle Obama visits Mary's Center for Maternal and Child Care.

Mary's Center, founded in 1988, is a Federally Qualified Health Center that provides health care, family literacy and social services to individuals whose needs too often go unmet by the public and private systems. The start-up costs for opening a child care business can be substantial, ranging from approximately \$8,000 for a home-based to \$40,000-\$100,000 for a center-based, depending on the size. Through the Tender Growth Mini-grant Program, Mary's Center is able to support qualified applicants in covering some of these costs. In order to apply, applicants are first prepped and supported through business trainings, to ensure that they have the skills they need to successfully manage their business. Then, applicants are supported in the process of writing a business plan, including a cash-flow statement and marketing plan. These business plans are then submitted to a third-party committee of industry experts who help the applicants to strengthen their model and eventually vote whether or not to approve the business for funding.

If you are interested in learning more, please contact Program Coordinator **Viola Chirino** at vchirino@maryscenter.org, or 202-200-4176.
