To: Stephen Vance, Chairman, OGB

My wife, Gaylene, and I live at 3129 P St, NW. We are the neighbors to the home at 3127 P St, NW. Because of our travel schedule, we were unable to provide you with any comments at your February OGB meeting.

Last week we met with Scott Dessett, our neighbor at 3127 P St. With Scott, we reviewed the full set of conceptual drawings for his proposed remodeling project. As we understood it, these same drawings will be resubmitted for your review at the March OGB meeting as part of the concept review application. Scott explained the drawings, which included revisions recommended by the OGB board at its February meeting.

We understood that the revisions included lowering the third floor
roofline and lightening the texture of the third floor exterior
finish.

We further understood that the board is interested in our opinion
of this project. In fact, we enthusiastically support the plan
for restoring and renovating this home, which had fallen into
disrepair. We would hope the board would approve these revised
drawings at its March meeting so the Bessetts can proceed
with this well-conceived and much-needed project.

Thank you.
