To whom it may concern:

This letter is to express our unqualified support for the construction application of our neighbors, Paul and Emily Thornell at 3011 Ordway Street NW. We have reviewed their plans and are confident that it will enhance the neighborhood and that they will do so in a way that is not unduly disruptive to our family (including two children ages 5 and 8) and the neighborhood as a whole. Paul, Emily and their children are wonderful neighbors – generous, warm and friendly – and it is the atmosphere they help create that makes our neighborhood such an attractive place to live.

We would have liked to come to the hearing to express this in person, but could not take off from work. We would be happy to speak to anyone by phone or to find a mutually convenient time to discuss this in person. We can be reached as follows:
