

Petition in Support of the Ray Family's Pergola

I am aware that the Ray family located at 2100 First Street, NW, Washington, DC, has constructed a pergola (flower trellis) on their existing patio. It is evident that the Rays are dedicated to the improvement of not only their property but, through the gardening in their immediate area, support of their neighbors'

flower gardens and their commitment to trash pickup and clean up of the area, are committed to the betterment of the community and general neighborhood improvement.

My signature on this petition represents my support of the pergola (flower trellis) constructed by the Rays, in that it adds aesthetic value to the neighborhood and is in keeping with the beautiful blooms that are the trademark of the Bloomingdale community.
