Re: Application for Permit for Pergola  
Located at 2100 1<sup>st</sup> Street, NW  
Washington, DC 20001

This letter is written in support of my neighbors, Otis and Angela Ray, regarding the pergola they recently constructed on their existing patio at 2100 1<sup>st</sup> Street, NW. My residence located at 115 V Street, NW is across an alley way that faces the Ray's patio. It is the residence that has the closest view of the Ray's pergola. The pictures below reflect a view to my home from the back of the Ray's pergola, as well as, my view from my residence to the back of their residence and the pergola.

I am of the opinion that the pergola is beautiful and adds value to the surrounding properties and the neighborhood, in general. I am therefore, in support of the Ray's efforts to have their request for permit approved.

If you have any questions, please do not hesitate to contact me at (202) 232-3400

Sincerely,
