

We the undersigned Washington, DC residents, support the 223 Special Exemption request for Mr. Eric Schultz who resides at 58 Rhode Island Ave., NW Washington, DC 20001.

Mr. Schultz is requesting a 223 Special Exemption from the city to build a deck on the rear of his property. The reason for the exception is because current zoning regulations require that when a deck is built on a property that has a court (a dog leg) the deck needs to be 6' from the property line.

Approval of his exception will allow Mr. Schultz to build a deck that is closer than 6' to the property line.
