1990

Application of Section 9 versus New Method of the Market—I applied the application in 1974, 1984, 1992, 1993, and 1994. I got a variance from the IRS when performing individualized valuation application in 1993, and a special variance in order to obtain 200% increase for the private in-house investment (individual case) in 1994. I am currently still in contact with the Treasury and will be applying 10% to 20% to the 20% increase in previous 60/20 split. See, e.g., *Journal*, 1995, 22:1 at 20.
