Re: Special Exception Application – 5350 Chillum Place, NE Washington DC 20011 – Off-Street
Parking Permission

Dear Board of Zoning Adjustment:

I, Constance McMillan, give my permission to my next-door neighbor, Betty Williams, who resides at 5350 Chillum Place, NE, to use my off-street parking space behind my house for her child development center. Further, I believe Ms. Williams provides a wonderful service to the community through her child care business, and her business to-date has not caused any issues with regard to traffic or noise, or any other disruption, to the local community. I am friendly with many of the other neighbors on our street, and believe they also fully support Ms. Williams and her child care business, and have also not experienced any disruption, inconvenience, noise, traffic, or other issues..

Sincerely,

Constance McMillan
Owner
