Re: Case No. 18400: Response to Request for Reconsideration (Square 2726, Lots
825, 831) ("Property")

Dear Chairperson Jordan:

The Jewish Primary Day School opposes the Motion for Reconsideration filed by Dr. Frances Cress Welsing and her attorney on April 24, 2013. Section 3126.6 states that "[n]o request for rehearing shall be considered by the Board unless new evidence is submitted that could not reasonably have been presented at the original hearing." Dr. Welsing does not present any new evidence that was not available at the time of the public hearing held on September 25, 2012. Her grievances rest on the Findings of Fact and Conclusions of Law of Case No. 17700, which became effective in February 2008, over *four years* prior to the public hearing on Case No. 18400. In fact, the Zoning Administrator issued a determination letter confirming the Applicant's compliance with Order No. 17700 on September 14, 2012, *11 days* before the hearing. The Applicant presented the determination letter to the Board at the hearing, further confirming it was available at the time of the public hearing.

Accordingly, the Jewish Primary Day School asks that the Board dismiss the Motion for Reconsideration on the basis that it does not comply with Section 3126.6 and does not present any evidence that could not have been presented at the public hearing in September 2012.

Sincerely,

Phil T. Feola
