MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment
FROM: Samuel Zimbabwe
District Department of Transportation (DDOT)
DATE: October 17, 2012
SUBJECT: BZA Case 18479, 3814 Woodley Rd., N.W., R-1-B Zoning District. (Square 1816, Lt 34)

APPLICATION

Construction of a new 2-story addition on the rear of the residence. Work to also include an open porch and pergola located at 3814 Woodley Rd., N.W., R-1-B Zoning District. (Square 1816, Lt 34).

RECOMMENDATION

DDOT has reviewed the Applicant's request and determined that, based on the information provided; this proposed project will have no adverse impacts on the travel conditions of the District's transportation network. While an approved project may lead to more vehicular, transit, pedestrian, and bicycle trips, DDOT does not foresee additional trips to impact the network. Thus, DDOT has no objection to approval of the requested special exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as approval of public space elements. If any portion of the project has elements in the public space, the Applicant may be required to pursue a public space permit through DDOT's permitting process. Guidance on the treatment of public space can be found in DDOT's Public Realm Manual.
