RE: APPLICATION NUMBER 18479

Dear Mr. Nero:

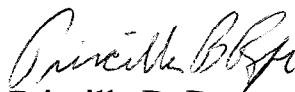

We write in wholehearted support of the application of Ms. Lois Kampinsky and Mr. Bruce Joseph, who live at 3814 Woodley Road, N.W. (Square 1816, Lot 34), for a permit to allow rear additions to their semi-detached residence.

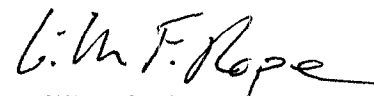

We have lived across the street from Ms. Kampinsky and Mr. Joseph for many years, and we know them well. They are excellent neighbors who possess sound judgment and good taste, and they are respectful of the concerns of their neighbors.

We recently attended an ANC meeting where the plans for their addition were discussed. After a presentation by their architect, we were fully persuaded that theirs will be a well-done addition that will not only benefit them but also their neighbors. The ANC members seemed equally convinced, as they voted in favor of their application. The proposed additions will improve their living space while adding to the value of their home and the beauty of the neighborhood.

Thank you for reading and considering our views on this important matter.

Sincerely yours,

Priscilla B. Rope
