the Upper Patio is not enclosed, it shall not be used before ¹⁰~~8~~ am Sunday through Saturday.

9. The Upper Patio shall, at all times, whether enclosed or not, contain a patio roof that blocks views of the Upper Patio from the residents in units above the Upper Patio.

10. There shall be no direct doorway between any banquet room and the Upper Patio.

11. The maximum seating capacity for the Upper Patio shall be forty-two (42) and the maximum aggregate capacity for the Upper Patio, whether seated or standing, shall be fifty (50) persons.

12. The doors to the Upper Patio from the interior of the Premises shall remain closed at all times, to be opened only for ingress and egress.

13. No music is permitted on the Upper Patio unless it is fully and completely enclosed. The Upper Patio shall be enclosed at all times when the banquet rooms are used for a private party during which sound attenuation measures are required, such as weddings and bar mitzvahs.

14. The lower patio (the "Lower Patio") shall be closed and kept unoccupied after 10 pm on Friday – Saturday and no later than 9 pm on Sunday - Thursday. It shall not be used before ¹⁰~~8~~ am.

15. The maximum seating capacity for the Lower Patio shall be thirty (30). The maximum aggregate capacity for the Lower Patio, whether seated or standing, shall be thirty-six (36) persons.

17. The fire pit intended for the Lower Patio shall be a gas-burning fixture only and shall not be lit at any time when the Lower Patio is closed.

18. No music is permitted on the Lower Patio at any time.

19. To the extent possible, the restaurant shall prohibit loitering in areas adjacent to the Premises. If such loitering occurs and disrupts the Association's Residents, the restaurant agrees to meet with the Association to discuss and implement possible solutions.

20. The Premises shall be constructed in such a manner that operation of the bowling lanes, including bowling, setting pins, rolling balls, interaction among patrons, or any other noise or vibration associated with the operation of the Premises, shall not be heard or felt in any of the Association Residences.

21. Soon after the restaurant commences its design efforts, the restaurant shall provide the Association with a copy of the specific sound attenuation design plans it intends to include in its detailed building permit plans, to be prepared and submitted in the future ("Plans"). The Association shall have the opportunity to have its acoustic consultants review the Plans and submit its comments on the Plans in writing to the restaurant within ten (10) business days. The restaurant shall give due consideration to the comments provided by the Association.

22. The restaurant shall provide to the Association both a phone number and an e-mail address of a restaurant representative, so that any Resident may contact the restaurant in the event of disturbances from noise or other aspects of the restaurant operation. The restaurant shall have a management representative attend a meeting with the Association on a monthly basis (or less often, at the Association's election) during build-out of the Premises and for the first six months after the restaurant opens for business, and thereafter at least twice a year, to work together to resolve any concerns.

23. The restaurant will neither undertake any concrete demolition or any outdoor work involving the Upper Patio prior to 9 am Monday through Saturday. The restaurant will otherwise use good faith efforts to commence with any construction generating excessive noise after 9 am.

Any other construction shall be performed in accordance with the permits.

24. All exterior signage shall be designed in a manner that is sensitive to the building's location in the Georgetown Historic District and shall be subject to approval by the Old Georgetown Board.
