CASE NO. 18500
EXHIBIT NO. 16

BZA APPLICATION NO. 18163-A
PAGE NO. 2

Based upon the record before the Board, and having given great weight to the OP and ANC reports, the Board concludes that the applicant has met the burden of proving under 11 DCMR §§ 3103.2, 2001.3 (406), and 2101.1, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. It is therefore **ORDERED** that this application, pursuant to Exhibit 12 (Plans) be **GRANTED**.

IN ACCORDANCE WITH THE D.C. HUMAN RIGHTS ACT OF 1977, AS AMENDED, D.C. 1 with the property is in the financing the
2 restoration and we don't have a lot of very
3 specific evidence to that fact and I'm just
4 wondering if there's more that you can add that's
5 actually, rather than simply saying this is the
6 only thing that works can you demonstrate that a
7 little bit more clearly.

8 MR. SULLIVAN: Yeah I think so do you
9 want to walk through the chart in your financial
10 analysis?

11 MS. TYGIER: I'll pass this test soon I
12 hope, when we were working on doing this building
13 we sat down and worked on three unit scenario,
14 four, five unit scenarios how do we make it work,
15 the price point that we can get on this block in
16 Columbia Heights and what it was going to cost
17 us. The structural work that this building
18 requires is enormous, it will have to be gutted,
19 there, as you saw there are failing floor joist
20 that have literally failed but there are many
21 others that have been compromised that while we
22 do the bracing we will probably have to replace

1 those floor joist, just doing the bracing a lone
2 is a lot, it will all be, all new electrical, all
3 new plumbing, all new floor systems, ceilings,
4 everything has to be from scratch. Our initial
5 estimates from the contractors and the other
6 trades has come in at 1.25 million dollars for
7 development alone and then with the financing
8 costs and the other related costs the cost for
9 development are nearly 2 million dollars and our
10 very optimistic hope is that we can get 2.3
11 million for the sale of these units so there's
12 not a whole lot of play in that.

13 MR. MAY: So you do intend to sell the
14 units as opposed to rent them?

15 MS. TYGIER: Yes they'll be sold, my son
16 Jonathan will be living in one, so that also eats
17 into our profits.

18 MR. MAY: You've got to charge him full
19 price...

20 MS. TYGIER: It would be nice wouldn't it?
21 Do you have children?

22 MR. MAY: I do.
