RE: March 12, 2013 Public Hearing Regarding Applicant's Application for a Special Exception

Address: 1015-1017 Irving St., NW, Washington, DC 20010 (the "Lot")
Lot: 0114
Square: 2846
Zone District: R-4

I am fully in favor of allowing Mr. Glickman to conduct a parking lot business at 1015-1017 Irving St. NW as described in Mr. Glickman's application for a special exception. Street parking is very difficult in this area and such a parking lot would benefit the community by allowing residents to have a reserved, reliable parking spot where they do not have enough parking currently.

Many of the houses in this area do not have private off-street parking at all. Given my familiarity with the neighborhood, it's difficult parking situation, and the fact that Mr. Glickman has been a good neighbor for years, I am confident that the applied for special exception will not interfere with noise, traffic volume, etc concerns or the quiet enjoyment of the neighborhood in general.
