To Whom It May Concern:

Re: Board of Zoning Adjustment (BZA) application for 608 Constitution Avenue NE

I am aware that my neighbor, Valerie Baldwin, has been in the process of obtaining the necessary building permit to authorize the enclosure of the open porch at the rear of her home, including constructing a second story addition which will afford an expanded and a more functional master bedroom and bath.

She has described the project and has shared the project plans with me. Based on my review of the plans, I have no objection to the proposed project and application before the BZA.

Thank you for your consideration.

Regards,
