RE: BZA #18526

Dear Director Bardin,

The Capitol Hill Restoration Society Zoning Committee at a meeting held on February 21, 2013 considered the above case. The case involves the application of Brian and Christy Davis for a special exception for a property not meeting the lot occupancy and nonconforming structure requirements for an addition to an existing one-family semi-detached dwelling in the R-4 District at 1329 F Street, NE. The applicant proposes to add a two story rear addition and to enclose the existing dogleg. The lot occupancy will change from 67% to 70%. The applicant has submitted letters of support from abutting neighbors.

The committee found that the addition will not affect the light and air or privacy of use and enjoyment of neighboring properties. The committee also found that this addition does not substantially visually intrude upon the character, scale and pattern of houses along the street frontage. The committee voted unanimously to support the application.

For these reason, we urge the Board to approve the application.

Respectfully,

Gary M. Peterson, Chair
Capitol Hill Restoration Society
Zoning Committee
