MEMORANDUM

TO: Lloyd Jordan
Chairperson
DC Board of Zoning Adjustment

FROM: Samuel Zimbabwe *SZ*
District Department of Transportation (DDOT)

DATE: February 7, 2013

SUBJECT: BZA Case 18530 – 1609 44th Street N.W. (Square 1327, Lot 23)

RECEIVED
D.C. OFFICE OF ZONING
2013 FEB 11 AM 6:12

APPLICATION

Pursuant to 11 DCMR § 3104.1, the *Applicant* seeks a special exception under section 223, the rear yard requirements (§ 404), to allow an addition to an existing single-family dwelling in the R-3 District located at 1609 44th Street, N.W. (Square 1327, Lot 23).

RECOMENDATION

Based on a thorough review of the information provided, DDOT has determined that this proposed project will have no adverse impacts on the travel conditions of the District's transportation network. An approved project may lead to more vehicular, transit, pedestrian, and bicycle trips. However, DDOT does not foresee additional impacts to the network. Thus, DDOT has no objection to approval of the requested special exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as approval of public space elements. If any portion of the project has elements in the public space, the Applicant may be required to pursue a public space permit through DDOT's permitting process. Guidance on the treatment of public space can be found in DDOT's Public Realm Manual.
