

Hello Neighbor,

We are the Silard's (Kelly & Debbie) and we live at 1609 44th Street. We have submitted plans to the zoning board requesting permission to rebuild our deck. Specifically, our request asks that we rebuild with better materials, increase the depth from 7 feet to 10 feet (thereby adding an additional 3 feet), as well as wrap the deck around the current sunroom.

We were advised that we should give notice to anyone living within a 200 foot radius to see if anyone had any issues or wanted more information regarding our request. You are located within the 200 radius feet and we are hopeful that you will endorse our deck plans.

We are happy to share additional details with you. Listed below is our contact information.
