To the Board of Zoning Adjustment

I have met with the owner of this project and reviewed the drawings submitted with their request for a Special Exception for their residence at 3907 Harrison Street NW, as prepared by Hamilton Snowber Architects, and dated 2/25/13

I understand that the proposed project requires 3 84 foot relief from the minimum rear yard setback of 25 0 feet and includes a one-story addition at the rear (north) face of the house, including a Breakfast Room and Screen Porch

I further understand that the project will be reviewed by the Board of Zoning Adjustment and that I will be receiving written notice of this meeting from the BZA.

I have reviewed the drawings mentioned above and have no objection to the proposed project
