MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment
FROM: Samuel Zimbabwe
District Department of Transportation (DDOT) *SZ*
DATE: April 10, 2013
SUBJECT: BZA Case 18565

APPLICATION

The applicant requests a special exception relief for existing and proposed roof structures at its retail store located at 3040 M Street NW (Square 1198, Lot 74).

RECOMENDATION

DDOT has reviewed the Applicant's request and determined that, based on the information provided, this proposed project will have no adverse impacts on the travel conditions of the District's transportation network. An approved project may lead to more vehicular, transit, pedestrian, and bicycle trips. However, DDOT does not foresee additional impacts to the network. Thus, DDOT has no objection to approval of the requested special exemption.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as approval of public space elements. If any portion of the project has elements in the public space, the Applicant may be required to pursue a public space permit through DDOT's permitting process. Guidance on the treatment of public space can be found in DDOT's Public Realm Manual.
