MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Samuel Zimbabwe *[Signature]*
District Department of Transportation (DDOT)

DATE: May 9, 2013

SUBJECT: BZA Case 18583, 3014 South Dakota Avenue, N.E. (Square 4340, Lot 821)

APPLICATION

Pursuant to 11 DCMR § 3104.1, for a special exception to allow a second story addition to an existing one-family detached dwelling under section 223, not meeting the side yard (section 405) requirements in the R-1-B District at premises 3014 South Dakota Avenue, N.E. (Square 4340, Lot 821)

RECOMENDATION

DDOT has reviewed the Applicant's request and determined that, based on the information provided; this proposed project will have no adverse impacts on the travel conditions of the District's transportation network. While an approved project may lead to more vehicular, transit, pedestrian, and bicycle trips, DDOT does not foresee additional trips to impact the transportation network. Thus, DDOT has no objection to approval of the requested special exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as approval of public space elements. If any portion of the project has elements in the public space, the Applicant may be required to pursue a public space permit through DDOT's permitting process. Guidance on the treatment of public space can be found in DDOT's Public Realm Manual.
