Re: BZA Case No. 18589
District of Columbia Housing Authority
Lot 0119 Square 6156; 401-407 Condon Terrace S.E. and 400-408 Atlantic Street S.E.

Dear Ms. Bardin,

I write to you to express my support for the District of Columbia Housing Authority's ("DCHA") Special Exception Application for the development of a 24-unit multifamily building for the residents of Highland Dwellings. The building will allow the most Highland Dwelling residents to return to the property. I am anxious to return and hope this BZA process will not take too long.

For some time, the residents at Highland Dwellings have been engaged by DCHA to find ways to revitalize the Highland Dwellings neighborhood. As a result of that process, certain residents were relocated to temporary housing to allow for substantial rehabilitation work to be performed at the property. Now that DCHA has determined a plan to provide revitalized housing, the temporarily relocated residents are anxious to return to their homes at Highland Dwellings.

The 24-unit building, with all one-bedroom units, is necessary to accommodate those residents expected to return to Highland Dwellings. The building will offer an environment where the residents can thrive and experience safe and decent housing. The residents are excited to live in a building that meets local housing standards and offers first-class amenities and services.

I support DCHA's Special Exception Application to revitalize the Highland Dwellings neighborhood and provide better housing for its residents. I and many other residents want the process for DCHA to get approval for the multifamily building so we can get the construction started and people living back at Highland Dwellings. I want to come back to Highland sooner rather than later.

Sincerely, 

Highland Resident
