Re: Annex Building  
1125 Neal St NE  
Washington DC 20002

Dear Neighbor:

HOLY NAME Parish is in the application process for a variance regarding the use of our Annex Building. We are applying for a variance in order to use our Annex Building at 1125 Neal St NE for the education and training of young adults. Some of them live right here in the Trinidad area and are underemployed or unemployed. These classes will train them with skills that can enable them to qualify for and obtain employment. Rather than merely living poor lives these young people will be able to obtain marketable skills and employment. Such opportunities are a WIN-WIN for our community. I just want to let you know about this change in use of our Annex Building. We are excited about this great program. If you have any questions, feel free to contact me here at HOLY NAME Parish. May our Lord continue to watch over and protect you.

Peace,

Fr Michael Briese  
Pastor
