Re: **Letter of Support for Board of Zoning Adjustment Case No. 18621**

Dear Chairman Jordan and Members of the Board:

On behalf of the JBG Companies, I am submitting this letter to express our support for the above-referenced application of the Laborers International Union of North America ("LiUNA") project. We understand that LiUNA has applied for special exception and variance relief for the renovation of and an addition to its existing building and we fully support the proposed work and the proposed building program.

As you may be aware, JBG is part of the ownership entity redeveloping the Third Church of Christ, Scientist site, which is located immediately across 16th Street from LiUNA's building. As such, JBG is excited to see LiUNA's proposed project move forward. LiUNA has kept us apprised of its plans as they develop and we appreciate the attention they have paid to keeping their neighbors informed. We also look forward to the new development and look forward to the renovation of a historically significant building.

Given our past interaction with LiUNA, we are confident that LiUNA will be responsive to any issues or concerns we may have in the future and we are fully supportive of their BZA application for height, density, roof structure and rear yard relief and we urge the Board to approve the application as submitted.

If you have any questions, please feel free to contact me.

Sincerely,

W. Matt Kelly
The JBG Companies
