BOARD OF ZONING ADJUSTMENT
District of Columbia
CASE NO. 18629
EXHIBIT NO. 18

DATE: August 2, 2013

SUBJECT: BZA Case No. 18629 – 2028 4th Street, N.E. (Square 3563, Lot 94)

APPLICATION

Pursuant to Title 11 DCMR §3103.2 the Applicant seeks a variance to establish an indoor cycling fitness center under §§330.5 in the R-4 District at premises 2028 4th Street, N.E. (Square 3563, Lot 94)

ACTION

DDOT has reviewed the Applicant's request and determined, based on the information provided, the proposal will have no adverse impacts on the travel conditions of the District's transportation network. The project has the potential to generate minor impacts to on-street parking conditions in the area. Vehicle parking demand may increase slightly as a result of the project, resulting in a higher level of parking utilization in the immediate area. Despite this minor potential impact, DDOT has no objection to the approval of the requested variance and special exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. If any portion of the project has elements in the public space, the Applicant may be required to pursue a public space permit through DDOT's permitting process. Guidance on the treatment of public space can be found in *DDOT's Public Realm Manual*.
