Re: Customer Letter of Support for ZC Case 18635

Dear Chairman Jordan:

After meeting with the applicant for ZC Case 18635, request for an area variance pursuant to 11 DCMR 3103.2, under subsection 771, for an increase in Floor Area Ratio (FAR). The properties are located in the C-1 District at 4414 Southern Avenue, S.E., Washington DC and 4415 Bowen Road S.E., Washington DC (Square 5365, Lots 0176 and 0177).

McNaughton addressed the design, lighting safety, seating capacity, maintenance of the through-way, and parking. Variances for an increase in FAR to the build proposed second Floor structure would not limit the light and air-space to adjacent properties or to other dwellings in the neighborhood.

Having adequately addressed concerns regarding, his development plans for a second floor level, I would like to extend my support. The Pimento Grill (newly sit down) restaurant, Internet Coffee Café, and Yoga Fitness Center will be a welcomed amenity to Ward 7 community, which will provide a gathering space for both residents and the outside community.

We urge the Zoning Commission to approve their request.

Sincerely,

Terrell Smith
