Dear Neighbor,

We wanted to let you know that we are planning to construct a third floor addition over a portion of our existing rowhouse. While we are not proposing to expand our building "footprint", a special exception from the Board of Zoning Adjustment (BZA) is required to obtain a building permit. Our existing building footprint exceeds the lot occupancy maximum of 60%, and zoning relief is required even if we are not increasing the degree of non-conformance. We would be happy to put you in touch with our Architect, Will Teass of Tektonics Architecture to discuss any questions or concerns you may have.

We are in the process of filing an application with the BZA. We will be making a presentation at our local Advisory Neighborhood Council (ANC) Meeting. The meeting is open to the public and you are more than welcome to attend and contribute your thoughts and opinions.

The purpose of this letter is to ask for your support of our special exception application. Part of special exception process is to determine if granting the special exception will cause any negative effects on adjacent properties. We strongly believe that the project will not cause any negative impacts to your property. We ask that you indicate your position below and sign the letter below. These letters will be presented to both the ANC as well as the BZA as evidence of your position. You also have the opportunity to voice any concerns at either the ANC meeting or BZA hearing.

If you have any questions, please do not hesitate to contact us by calling (202) 489-3839 or emailing me at danielmckayusa@gmail.com.

Yours truly,

Daniel McKay & Caroline de Mariz
