Board of Zoning Adjustment
Case Number 18676
Mundo Verde Charter School

Dear Board,

I am a party to this case the hearing for which was cancelled on Tuesday. I rang first thing Wednesday morning asking Mr. Nero not to reschedule while I was away from December 18-26.

Unfortunately the hearing was moved to the 18th

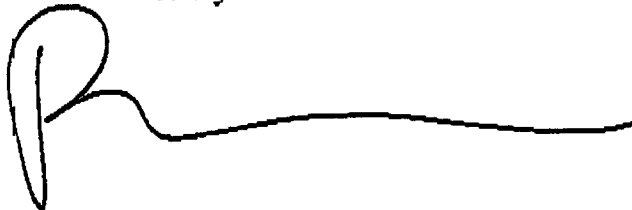

Can you please change that to the 17th or any day after the 26th?

I understand that Mundo Verde are in a rush but the short notice of the change makes it impossible for myself and one other party to attend. I can see not harm to Mundo Verde having to wait two more weeks, nothing will be happening in those two weeks over Christmas anyway.

We have spent weeks working on this and were able to finally meet with the Mundo Verde people and come to an agreement which I believe will work. But I am reliably informed that unless I can appear at the hearing and get the imprimatur of the Board it is worthless.

I am just a regular person without the resources to retain lawyers to represent me. But I have something important to say on the matter before you, which not only affects me but the whole neighborhood. Mundo Verde are fully lawyered up and have powerful backers. What they say changes and the only way for a fair outcome for this is for me to be at the hearing. I beg you to slightly inconvenience Mundo Verde for the sake of a fair and equitable process.

Yours sincerely

Peter Waddell.
