BOARD OF ZONING ADJUSTMENT  
District of Columbia  
CASE NO. 18697  
EXHIBIT NO. 26

## APPLICATION

Pursuant to Title 11 DCMR §§3104.1 Mattie McLain (the Applicant) seeks a special exception under §731 to permit a massage establishment in the C-2-A District on the first floor of premises 3429 14<sup>th</sup> Street, N.W. (Square 2836, Lot 132)

## RECOMMENDATION

DDOT has reviewed the Applicant's request and determined that based on the information provided, the proposed project will have no adverse impacts on the travel conditions of the District's transportation network. The project may lead to a minor increase in vehicular, transit, pedestrian, and bicycle trips. In addition, the project has the potential to generate minor impacts to on-street parking conditions in the area. Vehicle parking demand may increase slightly as a result of the project, inducing a higher level of parking utilization in the immediate area. Should the parking utilization need to be addressed, DDOT may employ policy tools to mitigate the impact. Despite this minor potential impact, DDOT has no objection to the approval of the requested special exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
