Subject: Re: Additional relief - BZA 18694

Mr. Nero,

I'm sorry but I am financially unable to pay additional fees at this time for the other relief that I've been told is needed. There were certain relief that we the owners did not feel were need as stated in the information provided online but after meeting with Mr. LeGrant he has indicated that the information online is not really clear. It was not made clear to me by anyone that there would be additional fees for each section of relief. This definitely could have been an oversight on my part. Therefore, at this time I will ask to withdraw my application and to have my refund of the fees already sent in of \$1,040.00 sent to:

Thank you for your time and effort and I hope to move forward in the very near future.

Daniel A. Young, Jr.
