MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Samuel Zimbabwe 
Associate Director

DATE: January 27, 2014

SUBJECT: BZA Case No. 18701 - 1247 E Street, SE

BOARD OF ZONING ADJUSTMENT
District of Columbia

CASE NO. 18701

EXHIBIT NO. 31

APPLICATION

1247 ESE, LLC (the "Applicant"), pursuant to 11 DCMR § 330.5, requests variance relief to operate a coffee shop/café in the R-4 District at premises 1247 E Street, SE (Square 1019, Lot 43)

RECOMMENDATION

DDOT has reviewed the Applicant's request and determined that based on the information provided, this proposed project will have no adverse impacts on the travel conditions of the District's transportation network. The proposed project may lead to a minor increase in vehicular, transit, pedestrian, and bicycle trips. In addition, the project has the potential to generate minor impacts to on-street parking conditions in the area. Vehicle parking demand may increase slightly as a result of the project, inducing a higher level of parking utilization in the immediate area. Should the parking utilization need to be addressed, DDOT may employ policy tools to mitigate the impact. Despite this minor potential impact, DDOT has no objection to the approval of the requested variance.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning variance should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. Specifically, the Applicant indicated that the proposed use will include use of the adjacent public space for a sidewalk café. Such a use in public space necessitates the Applicant to apply for a public space permit through DDOT. The Applicant may refer to the District of Columbia Municipal Regulations and

DDOT's Design and Engineering Manual for specific controls of public space A summary can be found in DDOT's Public Realm Design Manual.
