Re Board of Zoning Adjustment Application No. 18706

Dear Commissioners:

We write in support of Jessica Furey and Lawrence Ward's application for special exception relief to construct an addition to their single-family home (4445 Yuma Street NW, Washington, DC 20016) that does not satisfy the lot occupancy and nonconforming structure requirements of the DC Zoning regulations.

The plans for their proposed addition have been shown and explained to us. The planned addition will not have a substantially adverse effect on the use of or enjoyment of our home. In particular, it will not affect the light, air or privacy and enjoyment of our home. The proposed addition is comparable to other additions in our immediate neighborhood vicinity, and it will not substantially visually intrude upon the character, scale and pattern of the houses in our neighborhood.

Thank you for the opportunity to comment.

Very truly yours,

Jocelyn and Matthew Rock
