CASE NO. 18717

EXHIBIT NO. 26

DATE: February 20, 2014

SUBJECT: BZA Case No. 18717 - 3416 13th Street, N.W. (Square 2838, Lot 27)

APPLICATION

Pursuant to Title 11 DCMR §§3104.1 Jared S. Pettinato (the Applicant) seeks a special exception under §223 to allow a rear deck addition to a one-family row dwelling not meeting the lot occupancy (§403) and rear yard (§404) requirements in the R-4 District at premises 3416 13th Street, N W. (Square 2838, Lot 27)

RECOMMENDATION

DDOT has reviewed the Applicant's request and determined that based on the information provided, the proposed project will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested special exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
