DATE: February 25, 2014

SUBJECT: BZA Case No. 18718 - 4201 Lenore Lane, N.W. (Square 2246, Lot 27)

APPLICATION

Pursuant to Title 11 DCMR §§3104.1 the Lenore Pool and Tennis Club (the Applicant) seeks a special exception for a community center building (§209) including a tennis court and swimming pool (last approved under BZA Order No. 14619) in the R-1-A District at premises 4201 Lenore Lane, N.W. (Square 2246, Lot 27)

RECOMMENDATION

DDOT has reviewed the Applicant's request and determined that based on the information provided, this proposed project will have no adverse impacts on the travel conditions of the District's transportation network. The proposed project may lead to a minor increase in vehicular, transit, pedestrian, and bicycle trips. In addition, the project has the potential to generate minor impacts to on-street parking conditions in the area. Vehicle parking demand may increase slightly as a result of the project, inducing a higher level of parking utilization in the immediate area. Should the parking utilization need to be addressed, DDOT may employ policy tools to mitigate the impact. Despite this minor potential impact, DDOT has no objection to the approval of the requested special exception.

CASE NO. 18718
EXHIBIT NO. 25

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
